

## QUALITY, SAFETY AND ENVIRONMENT POLICY

Reference	9001:2015	45001:2023	14001:2015
-----------	-----------	------------	------------

**CE2K S.r.l. considers the application of the principles and methods expressed by the standards UNI EN ISO 9001:2015, UNI EN ISO 45001:2023 and UNI EN ISO 14001:2015 as a fundamental part of its policy.**

CE2K S.r.l. declares that it undertakes:

- To continuously improve integration with the client and stakeholders, in order to identify their needs and take action to meet them;
- To comply with the contractual requirements;
- Continuous improvement and elimination of non-conformities;
- Identifying performance indicators and assigning precise and measurable targets for key business processes and for environmental and safety performance. These elements are reported in appropriate written documents for proper monitoring;
- To prevent accidents and diseases at work. In this context, it carries out a continuous risk assessment exercise, from which it takes action to improve;
- to pursue a strong and constant collaboration with the Suppliers of materials and services in order to have a continuous and joint growth of the overall quality offered to the market also with an environmental perspective;
- to analyse environmental problems and assess risks by carrying out analyses on its own aspects related to the environment and safety defining the objectives and strategies to be adopted for their achievement within the defined time-frame;
- to take measures that will save energy and reduce risks;
- to actively involve the company's staff in both the environmental impact and risk reduction programmes and the integrated Corporate Management System ISO 9001:2015, ISO 45001:2023 and ISO 14001:2015;
- to comply with the current legislation in terms of Health and Safety at Work and Environment;
- to actively consult and involve the workers and the Worker's Safety Representative;
- Improving relations with local communities, believing that the prevention of environmental impact has a positive effect on relations with neighbours and authorities;
- make this Policy available to all interested parties and those who request it;

## QUALITY AND SAFETY POLICY

The objectives of CE2K S.r.l. are:

- ✓ respect for the values of seriousness, reliability and professionalism;
- ✓ Improvement of the customer relationship and satisfaction;
- ✓ To provide an image of a serious and competent company capable of providing immediate and reliable answers.
- ✓ Zero accidents and diseases at work;
- ✓ Reduction of overall costs for the management of the business system;
- ✓ Prevention of pollution in environmental compartments and reduction of consumption for environmental protection;
- ✓ Continue the qualitative improvement of the environment while respecting the legal requirements that the company must comply with as a sense of responsibility towards man and the environment

The Directorate aims to achieve these objectives by promoting, developing and supporting activities related to:

- Communication of this Policy to all persons working under the control of the Organization;
- Dissemination of the values and culture of Quality, Safety and the Environment;
- Definition of responsibilities and tasks;
- Close cooperation between all employees;
- Training and education of personnel;
- Implementation and verification of corrective, preventive and improvement actions.

The Management also intends to review this Policy and measure the extent to which it has achieved its objectives.
