

HIGH TENSION TRANSFORMER

180-HTI-130

180-HTI-130

HIGH TENSION TRANSFORMER

180-HTI-130

KEY FEATURES

- High tension transformer
- Degree of protection: IP20
- Primary power supply: 230VAC 50Hz/60Hz 0,5A
- Secondary output: 8kV 15mA
- Power loss: 18W
- Primary: amidester 200 copper wire thermal class 200°C
- Secondary: polysol copper wire thermal class 155°C
- HT bobine insulation: phenol + polyester resin BO-therm BC-331/132-DD stabilized at 155°C on class F heater
- Coil support: magnetic plates 2.3W thk 0.25 100% continuous service
- Small dimensions

APPLY TO

- Flares
- Boilers
- Burners

INTERNATIONAL REGULATION

- DIN 46453 & IEC815/317-8-20

MANUFACTURER

Combustion and Energy Srl
Part number: 180-HTI-130

INSULATION

- Epoxy resin self extinguish UL94V-0-MC28-W228
